A MOST strange and irreconcilable fact meets us at the very threshold of our remarks on this valuable medicine. It is this:—that no medical preparation adapted to the various diseases of children and youth, has ever been offered to the public, while at the same time it is established by the most accurate tables of mortality that one-half the ha-man family die before reaching the and if the parts!
We should suppose that to this great class of human suf-ferers—this one-half of the race—the most auxious and car-nest attention would have been given: that medical skill mest attention would have been given: that medical skill would have been taxed to its utmost capacity to find out a medicine to which mothers and nurses might resort under the constantly recurring necessities which present themselves in this connection. The world is literally crowded with medicines for original, but towards the sufferings of children no one has seemed to turn proper attention. No one has segarded their condition. No one has segarded their condition. No one has segarded their condition. No one has segarded their condition, ho one has segarded their condition, ho one has segarded their condition, might be stayed. It is true that there are numerous Vermituges and Cordisla of some value, but none of these is confined exclusively to one or two forms of disease. The Gracfenberg Children's Panacea is the only medicine extant in either hierorisphere that is at all worthy of being called a Children's Medicine or that supplies the great want alloyed to.

It is invaluable and unsurpassed in cases of infantile jamdice, griping and flataleacy, diarrices, cutaneous cropious, the thresh, teething fulling of the fundament, convulsions rickets, ringwosm, scald head, measies, croup, worms, cho era infantum, wasting of the body, and all diseases incident

HUNTSVILLE, January 12, 1852. MICAJAH CAYCE.

HUNTSVILLE, Oct. 17, 1852. Ds. Blatson.—Some time has ciapsed since I gave a cet tificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or four years been the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. ROBERTSON.

Dr. Biansoz—Having seen the publication of your Alterative Compound, I think it my duty te say to the public, that I had been for years subject to spells of Cramp Colic, in the worst form; that I had tried almost every thing that is go ven by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which mas relieved me in every attack in less than an hour. relieved me in every attack in less than an hour.

WM. B. LLOYD.

GLES COUNTY, Tenn., Dec. 23, 1851.

Dr. Blerson:—I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely relieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

ELIZABETH J. HARWOOD.

HUNTSVILLE, Ala., August 24, 1851. Herryhle, Ala, August 24, 1801.

This is to certify, that I had suffered for many years with Dyspepsia and Discuses of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoe's Alterative Compound, which curved me soundly, and I recommend it because of the same happy effect upon others of my acquaint ance.

JOSEPH CAROTHERS.

Hunrsville, Ala., March 8, 1852. Dn. Blancon.—Sin: Judging from the certificates you have stready advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a

A son of Mr. Warren, of this town, 14 years of age, had been afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated onses I ever saw; he was emaciated almost to a skeleton. By the use of a few bottles of the Ointment he was theroughly cursed, and for seven months past has enjoyed robust health. This was four months ago and the lady (a Mrs. Dunham,) is still in good health, and able to attend to her usual bousehold duties. I have treated two cases of Uhronic Sore Eyes with the Ointment, both of the patients so nearly bland, as to need an attendant to lead them from place to place. One of them had been afflicted 1s years, the other about 9 years. They had tried the best physicians in the State, without benefit; and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case has it failed of giving immediate relief and generally a permanent. failed of groups mane that retief and generally a permanent curs. To Kill, PAIN we must paralyse the nerves, or inother words produce a paley of the part to which the pain killer is applied. Pain is an unnatura sensation, srising from an injury

Pain is an unnatura beneation, arising from an injury or disease which, being transmitted along the nerves to the brain, gives an uneasy perception to the mind.

Remedies recommended to Kill Pars, or Park Killers, are either producers of Paralysis, or they are not what they are recommended for. If the sufferer of pain is to undergo a suspension of vitality, or if the unfortunate arm or leg, or if the part of the body suffering the tortures of pain, is to suffer an attack of paralysis, we think the the remedy must be worse than the disease. And, if Pain is to be Killed, then the nerves that transmitted this sensation, and the senses that perceive its unpleasantness, must be killed also. If, on the other hand, it is not a "poin kuller," it is a misnomer, and not what its advertisement claims for it.

Radway's Remay Relact does not Kille pain, but Radway's Rendy Relief does not Kan pain, but it s bdues its paroxyisms and relieves the sufferer from all painful and uneasy sensations. Radway's Ready Reliaf in quick in its action—it instantly relieves, and inamediately

Its secondary action is, to remove the cause itself; this it will immediately accomplish, for it is so powerful in action so quick and effectual, that the moment it is applied or taken the painful paroxyisms are relieved, and the unsound parts made whole, strong, healthy and vigorous.

External Pains—Rheumatism.—Radway's Ready Relief applied externally to the parts where the pain is ful, will instantly allay the paroxyisms, scatter the cause, or the congested deposite, which course the pain, and, in a few moments the sufferer will be quite easy.
